

## Concurso de Apoyo a Asistencia a Eventos Científicos, AAEC-Etapa 1 (Estudiantes)

### Adjudicados

ID	Estudiante	Facultad	Título de la Ponencia	Evento	Ciudad, país
1	Andrés Valenzuela Sánchez	Ecología y Recursos Naturales	Disease-induced extinction in an apparently stable host-parasite system: mark-recapture methods reveal population effects of chytrid infection in a terrestrial amphibian	World Congress of Herpetology	Hangzhou, China
2	Felipe Corrêa Letelier	Ecología y Recursos Naturales	Cystic echinococcosis in cattle slaughtered in Santiago, Chile: Prevalence, distribution genotype and hydatid cyst fertility	61th Annual American Association of Veterinarian Parasitologist Meeting	San Antonio, Estados Unidos
3	Cristian Valenzuela Ibarra	Ciencias Biológicas	Evidence for a possible interplay between IL-1B and autophagy in the fine flounder skeletal muscle	8th International Symposium on Fish Endocrinology	Gotemburgo, Suecia
4	Marjorie Pizarro Guajardo	Ciencias Biológicas	Oral administration of chicken Igy specific to Clostridium difficile spores prevents initiation and recurrence of the infection in a mouse model	13th bienal congress of the anaerobe society of the Americas	Nasville, Estados Unidos
5	Margarita Carrasco Jeldres	Ciencias Biológicas	Regulatory role of C/EBPB-LAP*-SWI/SNF function in osteoblasts	Gordon Research Conferences: Chromatin Structure & Function	Les Diablerets, Suiza
6	Cristian Marchant Soto	Ciencias Biológicas	Twist 1 and Snail 1b cooperate to promote epithelial-to-mesenchymal transition in the neural crest cells of Zebrafish (Danio rerio)	SDB 75th annual meeting and ISD 19th International Conference	Boston, Estados Unidos

### Lista de Espera

ID	Estudiante	Facultad	Título de la Ponencia	Evento	Ciudad, país
1	Jaime Espina Hidalgo	Ciencias Biológicas	PDGF1A promotes HIF-1A activation in Zebrafish neural crest cells	75th Annual Meeting of Society for Developmental Biology	Boston, Estados Unidos
